Which turns out to be, "If they are
not half dead, with systems they don't
need testing."

David J. Bradley, Clerk of Court

OR T.D.C.J., I.D.'s

Policy of Plausible Deniability,
"If we don't test them we don't
have the 600 to 800 or more cases
per unit." Especially here on the
leased unit with its open dorms,
communal restrooms, everyone on a dorm
using the same water cooler, water fountain,
benches, tables ect. and cubicles right next
to each other. can go into further details
times, dates, ect., as needed.

On my wing/dorm D4 there's been 3 cases
requiring hospitalization/isolation. Packing them into
the Gym. D4-1 bunk, D4-27 bunk, D4-28 bunk. out of 52.

Instead of following COVID-19 protocols
w procedures from the beginning,

Per Federal w State Guidelines.

We now have a COVID-19 factory/
merry go round.
